

MEGA STOCK DEMOLITION DERBY RULES 2009

1. Refer to General Rules for non-building rules.
2. This class is very stock – intended for the beginner or someone who wants to build a vehicle in a day or two. No additional work may be done to the vehicle. No welding, except safety bars and driver's door.
3. No functioning 4X4 vehicles allowed. Front wheel drive only for Mid Size cars (remove rear shaft if all wheel drive. Rear wheel drive or front wheel drive allowed in Mighty Mini class (if originally a 4X4, then remove front or rear drive shaft).
4. **Vehicle must be left completely factory stock, except as noted below.**
5. Remove all trailer hitches, glass, chrome, plastic, molding, A/C coolant, antifreeze and flammable material from inside and outside of the vehicle. Dash may be left in or may be removed.
6. Stock gas tank must be removed. A small metal tank must be mounted in the rear seat area. The tank must be very secure and covered. If you need to use the original tank due to the fuel injection system, you will be allowed to. Tank mounting, covering and system must be very safe. Use the properly rated lines. Plastic tanks not allowed as they are unsafe.
7. Electronic fuel system allowed (if vehicle came from the factory with it), but you must mount an easy to reach switch that must be clearly marked on/off.
8. Transmission shifter may be modified (floor shifters allowed) and ignition may be hot wired.
9. Hood must have a 12" x 12" minimum hole to easily extinguish engine fires.
10. Doors must be chained/wired shut in a max of (2) places per door. Chains/wire cannot go around the frame. Driver's door may be welded for safety.
11. Hood, trunk and tailgate must be chained/wired shut in (2) places.
12. Battery must be relocated inside of the vehicle, secured and covered. One battery max.
13. Dash bar and seat bars are allowed for driver's safety. Bars may be connected to each other with door bars. Bars may not extend past the firewall and may not extend rearward beyond the front most part of the rear wheel well tubs. Bars may not tie into floor, rear frame humps, drive train or frame.
14. Factory original drive train must be used. Exhaust headers (stacks) though the hood are allowed.
15. Any tire or wheel can be used.
